

A 2 day Creative Workshop for Digital SLR Owners

From the

No. 8 wire Camera Expert

Good camera ?

Disappointing Pictures ?

NO MORE !

I will put YOU in control of YOUR creativity.

HOW

By attending my intensive 2 Day Weekend workshop

No.8 Wire Camera Expert

How ?

- By optimising use of your equipment
- Demystifying the dreaded Manual into easy bite sized portions.
- Unlocking your creative juices
- Capturing your vision
- Realising it's communication for screen, print and publication.

Join The Digital Imaging Revolution

- By releasing your **potential**
- Taking **control** of your camera
- **Reward** your investment
- Refine your unique **vision**
- Master your **creative** realisation

Why ?

- Do **thousands** of people like you have great cameras that they don't get the full potential from ?
- Do you feel **intimidated** by the complexity between you and the pictures you expect ?
- Do so many people just switch their cameras to Auto and not unleash their vision's full **potential**

Because

- There is more complexity in the average camera or phone, if it comes to it, than was originally used to put men on the moon ?
- The rate of technology's change is daunting
- Good practical hands on advice and learning is hard to find
- An intensive workshop like this, is the best way to learn

How

- A workshop that surveys and delivers an enjoyable learning experience to all levels of competence without prejudice
- A workshop that focuses on outcomes that empower and enrich your photography
- Solid technical advice that will propel your creativity to new levels and enthuse your artistic expression

What ?

- Local venues
- Small classes
- Intensive relevant learning
- Unique mix of creative freedom through technical mastery
- Ongoing access to tutorials by arrangement

Who ?

- You
- Must have a digital camera and a desire to gain control of it's creative potential
- Me
- 45 years in photography, always as creative expression and professional employment across technical, scientific and tertiary educational areas.

Where and when

- Magical Mangawhai Sept 10,11,12
- **Venue:** Beautiful Milestone Schooner Cottage- overlooking the estuary,
o/night bookings possible see
<http://www.milestonecottages.co.nz/Accommodation/SchoonerCottage/tabid/24329/Default.aspx>
- Waiheke Island Spring 2010
- Auckland waterfront Summer 2010
- Waitakere west coast Autumn 2010
2010
- Other venues by request

Prices

- Classes are small and very hands on
- 8-10 max
- 5 min rqrd for course to proceed
- 2+ x days \$300.00 inclusive gst
- Fri 10 7-9pm Meet and greet.
- Saturday 11 9-5 pm
- Sunday 12 7am field shoot (opt) 10- 5pm

Conditions

- Expressions of interest . Please contact us to introduce yourself and your objectives, we like to optimise the experience so this step is invaluable, and remember we do cater for all levels, though sometimes if a division of proficiency and interest is high we may stream participants into separate dates.
- We are interested in your aims, goals and ambitions .We tailor every workshop to capture the needs of its participants, making this intimate workshop tremendous value and an enjoyable immersive experience
- Minimum subscription nos are followed by notice confining venue date and location
- Workshop fees to be paid in full, in advance 1 week before workshop commences
- The organisers reserve the right to cancel and refund fees if no.s don't meet min of 5 paid students due to cancellations or other circumstances beyond their control.
- If for any reason the venue / date has to be shifted then places will be reserved for paid subscribers and every effort made to accommodate attendance on or at the new date and or venue. Full Refunds are of course available for those unable to attend due to these changes.
- Venues will have options for accommodation and or food and drink on site, or nearby. Please advise before payment for courses and we will assist with information and your bookings.

What to bring

- You are required to bring your camera and the manual for that camera these can often be downloaded from the internet .
- An open mind and a thirst for knowledge. You should also bring a pen and paper to jot down some of the more technical information for re-digestion at a later date.
- You may also wish to bring a tripod remote shutter release and any other camera equipment, laptops or prints and albums
- Images etc that you wish to discuss are encouraged as much is to be learned from our disappointments. Much can be achieved and time saved by deconstructing and discussing imagery as a jumpstart to improving aspects of your work. This workshop is not judgemental regarding prowess or technical knowledge, as this is the clay with which we will mould your progress
- Venues will have options for accommodation and or food and drink on site or nearby. Please advise before payment for courses and we will assist with your bookings.
- Clothing please bring sensible outdoor clothing and comfortable footwear to suit the season as we may venture out for a shoot.

Overview

- Your Tutor for these workshops is Paul Gilbert
- Paul's wide ranging and longstanding expressive and technical engagement with the photographic medium has in the last decade found fresh impetus in instructing in photography in a tertiary setting , running workshops, individual mentoring and running a window gallery in Auckland's CBD for Photography. His analogue experience from studio to field work has handled most systems from 10x8 to 35mm. The straddling from analogue to digital has further informed his practice and he has embraced this without prejudice and much enthusiasm
